There's a lot to consider about your home and assets when planning a trip. Taking the right precautions ensures that your home will be safe and secure while you're away.

Home security • Water shut-off • Home check-ins  
Asset care • Tenant management

## **Did you know?**

You shouldn't post vacation pictures on social media while away because 4 of 5 burglars check Twitter, Facebook and Foursquare to find out who is away from home.

A home without a security system is 2.7 times more likely to be broken into than a home with a security system.

93% of water damage is preventable. Water damage is the second most frequently filed insurance claim in the United States.

## **Prepare and plan.**

Call Madison Insurance to learn more about travel insurance options for you and your family.
